Dear Mr. Segroves:

This is in response to your May 13, 2006, letter and Mr. Christopher Wolf's January 5, 2006 Freedom of Information Act (FOIA) request.

The U.S. Immigrations and Customs Enforcement Agency (ICE) has made the determination to withhold some information from the enclosed TALON reports under the Freedom of Information Act pursuant to:

5 U.S.C. § 552(b)(2), which concerns matters that are related solely to internal agency practices because release would result in the circumvention of an agency rule, policy, or statute;

5 U.S.C. § 552(b)(7)(D), which concerns records or information compiled for law enforcement purposes, the release of which could reasonably be expected to disclose the identities of confidential sources and information furnished by such sources; and

5 U.S.C. § 552(b)(7)(E), which would disclose techniques or procedures for law enforcement investigations or prosecutions.

You may appeal the ICE partial denial of your request in writing, within 35 days after the date of this notification to the Privacy Office, Department of Homeland Security, FOIA Appeals, 245 Murray Lane, SW, Building 410, Washington, DC 20528. Please include with your letter of appeal, a copy of your original FOIA request and a copy of this response letter.

On Thursday April 21st the military will be at SUNY Albany recruiting. We ask that you join Campus Action and the Campus Greens in protesting their presence on our campus. For the past couple of months Campus Action and the Greens have been leading a campaign to bar military recruiters from campus because of their discriminatory 'don't ask don't tell' policy which perpetuates the idea that homosexuals are inferior. We have demanded that the school set a policy which states that if any recruiter wants to come to our campus they have to be equal opportunity and non discriminatory, they have of yet comply with our demands.

On April 21st we will be holding a rally in front of the campus center at the small fountain from 11:30 am to 12 then we will march to the administration building and deliver a petition to president Kermit Hall. We will also hold a rally outside of the administration building on Western Ave, where students will be doing food not bombs playing anarchist soccer and taking part in a drum circle. From my understanding students unaffiliated with Campus Action and the Greens will take part in a critical mass bike ride later on in the day in solidarity with Earth Day.

For more information on the campaign you can go to www.campusaction.net or email militaryoffcampuses@riseup.net or email [REDACTED]

[REDACTED] SOURCE IS RELIABLE.

DETAILS: Source received an e-mail from [REDACTED] on 26 Feb 2005, subject: 'Suny Albany needs You to Help Kick The military recruiters off campus'

The following is a paraphrased version of the text of the e-mail. The paraphrasing is necessary due to the poor grammar and spelling contained in the e-mail.

Start of Paraphrasing--

It looks like there is a good chance that we can get the military recruiters kicked off campus. We need people help in achieving this goal. For the past two weeks, campus action has been protesting the military recruiters when they came to campus. Last Wednesday military recruiters were supposed to have shown up but they did not. I think this may have largely have to do with the protests when they have been to the university. People called the recruiters pretending to be interested in the military to find out that when they will be coming back to campus. They wouldn't tell us when. It seems that now they will probably show up on campus now with out us being able to get a heads up.

This means that we need to modify our tactics. Campus action held a meeting on last Wednesday where we decided that we needed a three-pronged attack in order to get the military recruiters kicked off campus. We decided that this strategy would include:

1. Education about the military and military recruiters and how the recruiters lie in order to entice people to join the military. Also, we would work to educate the student body on other alternatives besides the military in order to get money for college.

902-01-03-05-153_full_text

2. Agitation: We believe when the military is on campus we need to have a visible presence and protest their being on our campus. Further, we will distribute counter recruitment materials while we are protesting. We decided that direct action against the military recruiters would help foster an environment, which hampers their ability to recruit students to die in an immoral war in Iraq. Since the military is not telling us when they show up, we will use a phone list serve in order to notify people on campus when the military is here. At www.txtmob.com people can sign up for the cell phone text message list serve and this service is free. The name of the group is stopthewar. We will use the text message list serve in this way when some one goes through the campus center and sees that the military recruiters are on campus they can send a message out on their cell phone to everyone who signs up for the text message system. They can then notify people that the recruiters are there and they should show up to protest them. In the Student Association Office, in the back in the campus action mailbox, we will have signs and counter recruitment literature that people can grab in order to protest.

3. We decided that we will also file a complaint with the administration that the fact that the military recruiters on our campus violates the schools policy on sexual orientation discrimination. Because of the military's 'Don't ask don't tell' policy, gays in the military have to stay in the closet or else they will be expelled from the military and face possibly being courts marshaled. Also, the military recruiters will be back on campus on 2 March 2005 in the ballroom for a career-recruiting seminar, which will include other company's actively recruiting on our campus. We have a table reserved on that day in the campus center.

Subject: Protest Against Army Recruiters at a New Jersey Area University

Details: Source received an e-mail from [REDACTED] sent on Friday, April 01, 2005, subject: Anti-Recruitment Demo at William Paterson.

The e-mail stated that activists and students from North Jersey Anti-Racist Action, Inclusive Democracy and the Socialist Party of New Jersey mobilized at William Paterson University to protest the inclusion of the US Army at William Paterson University's (WPU) 'Opportunity Fest'. Student activists at WPU have led the fight to kick military recruiters off campus and specifically complained about the US Army's involvement in the Opportunity Fest, since their discriminatory hiring practices violate the school's own 'non-discriminatory' policy. The protesters claimed to have given out 200 flyers to 'Opportunity Fest' participants. The protest ran from 12:00 to 14:00, and ended when someone from inside the job fair started to taunt the protestors. No charges were filed. The protestor and the taunting student were released. WPU students intend to continue their campaign to get military recruiters off campus and to educate students and the public of the negative aspects of joining the military.

Protest Against Military Recruiters

WHEN: Thursday, April 21st * 10:30 am

WHERE: The Fountain on Sproul Plaza, UC Berkeley

902-21-04-05-358_full_text

Counter Recruitment has become a national issue, and it's working. Between these efforts and widespread anger about the war, all branches of the United States Military have seen drastic drops in their recruitment rates. In February, the Army missed its recruiting goal for the first time in nearly five years, and it missed its March goal by 32 percent. The Army Reserve is 10 percent behind their year-to-date recruiting target and the National Guard is 26 percent short, while the need for soldiers is on the rise. Counter Recruitment has proven to be an effective tool in actually hindering the Military's ability to carry out this immoral and unjust war, and Berkeley Stop the War Coalition has been working to bring the Counter Recruitment movement to UC Berkeley's campus.

Recently, the Associated Students at the University of California (ASUC) passed a resolution that argued that military recruiters (who refuse to recruit gays and lesbians) violate the University of California's anti-discrimination policy and therefore should not be allowed access to ASUC facilities (SB 107). Still, military recruiters have announced their intention to show up at the Career Fair in the MLK student union. We have to build the biggest protest possible to let them know that we won't stand for the military's discriminatory policies and that we oppose the war on Iraq that they are recruiting for. Join a growing movement of schools that are taking a stand against military recruitment on campuses!

Source received a follow-up e-mail on 26 Apr 05 stating that 100 students showed up to protest against US Marine recruiters, that were at the career fair. The civil disobedience plan was called off due to the 'Berkeley administration' planning a police attack against the protesters and the protesters did not want to 'walk into a trap.' Instead, 60 Berkeley students filed into the career fair in 'sign-file' and confronted the recruiters one at a time, challenging their anti-gay policies and the war in Iraq. This action took over an hour and effectively shut down the Marine's operation for most of the day.

SUBJECT: Students at Southern Connecticut State University Protest Army National Guard Recruiters on 23 Feb 05

SOURCE: [REDACTED]

SOURCE IS RELIABLE.

DETAILS: Source received an e-mail from [REDACTED] on 24 Feb 05, subject: 'SCSU Antiwar kicks recruiters off campus!' The e-mail stated the students at Southern Connecticut State University in New Haven successfully chased the recruiters from the Army National Guard from the student center on 23 Feb 05. Specifically, about twenty students took part in a 90-minute protest and made sure that the recruiters had no chance in signing anyone up 'for an unjust war.' The Army National Guard was scheduled to be on campus from 11am to 4pm on 23 Feb 05 via an invitation from career services at Southern according to a spokesperson in the student center office. The SCSU Antiwar Coalition decided to arrive early (pre-emptively) and set up 'our message of antiwar at around 10:30 am at their reserved table.' They made certain to have a ton of literature and information, such as, numerous 'CAN pamphlets like 'The Growing Soldiers Discontent' and 'Occupations Not Liberation', as well as the Pablo Peredes Petition, and plenty of Traveling Soldier issues.

First, about four students blocked their table and handed out counter-recruitment information while the students behind our table grilled the two recruiters with questions about why they were here, why do they openly discriminate against our gay, lesbian, and transgender brothers and sisters, and how quickly will those who sign up go off to war somewhere in the world that is based on lies. After twenty minutes, the recruiters notified the Student Center personnel of the protest action and by that time the students had at least 8-10 students facing the Army holding signs ranging from 'Get off our campus' to 'Money for School, not for War' and Recruiters out, Troops Home!

Ultimately, the students agreed to not to stand directly in front of the table. A third recruiter arrived at 12:30 pm and by 12:45pm, they decided to pack it up and call it a day after not getting one person to even make an appointment, let alone sign up for 'duty'. The Student Center representative walked them out and apologized for the trouble. The three recruiters left to chants of 'Money for school, not for war...money for healthcare, not for war.' For the future, the student's stated their new slogan will be, WE KICKED YOU OFF ONCE, NOW STAY OUT!
